- Events
- Insurance
- Mobility

Events We participate in information- and cultural events or support them.

Insurance

Statutory accident insurance is guaranteed during all activities in university facilities as well as on your way to university and back home.

In addition to that students are insured via their Studierendenwerk fees:

Leisure-time accident insurance covers enrolled students during leisure time, internships, and exam-preparation activities outside of university. It covers:

- disability, death and salvage costs;
- accidents during a job or during working in a job (also as a student employee) which the employers' liability insurance has to cover according to SGB VII if the job is part of the studies;
- students who study 1-2 semesters abroad;
- immatriculated students during exchange semesters or internships abroad which are part of the ERASMUS program for max. 24 months;

Excluded are internships that have no direct connection to studies.

Claims must **reported at once** to the department of legislation, accommodation and social affairs:

S STUDIERENDENWERK

- Tasks
- Non-profit and fair!
- Financing

The social infrastructure which is made available by the Studierendenwerk Ulm at the member universities is primarily financed through the semester fees paid to the Studierendenwerk Ulm solidarily by all students. The Studierendenwerk Ulm – as a non-profit institution – is primarily not interested in making profit and can therefore offer its services to a fair price-performance ratio. Generated surpluses are used for paying back existing liabilities, for generating capital resources as savings for replacement purchases and new investments. We are financed by sales and operating income, financial supports of the federal state Baden-Württemberg, fees which are paid by the students and other financial supports and proceeds.

We are a partner of the following universities:

Ulm	Ulm University Ulm University of Applied Sciences
Schwäbisch Gmünd	University of Education (PH)
Aalen	University of Design (HfG) Aalen University of Applied Sciences - Technology and Economics
Biberach	Biberach University of Applied Sciences
Heidenheim	Baden-Württemberg Cooperative State University (DHBW) Heidenheim
Neu-Ulm	Neu-Ulm University of Applied Sciences (Students of the Cooperative Study Course)
BAföG support	SRH Fernhochschule - The Mobile University Riedlingen

YOUR STUDIERENDEN WERK

Stand 09/2026

Abb.: KI-generiert

Studying is rewarding, but it can also be challenging. The Studierendenwerk Ulm facilitates the daily routine and supports students so that they can concentrate entirely on their studies. Around 220 employees support approximately 25,000 students who study at 7 universities in South-East-Württemberg.

FOOD AND DRINK

- 6 canteens
- 14 cafeterias, including 7 with meal service hours
- 4 food trucks
- 32 vending machine cafeterias /vending stations
- Catering

Due to our canteens and cafeterias we are able to offer a fast and inexpensive food service at each university. By the way, enjoy your meal with peace of mind: our coffee comes exclusively from fair-trade and organic farms. You can also take drinks and food with you in our facilities in returnable deposit cups and containers.

You can pay with your chip or Bank card. With the Load on Demand procedure your student card is automatically topped up whenever needed. If our canteens and cafeterias are closed, a basic supply by our various vending machines is guaranteed.

ACCOMMODATION

- 11 dormitories (1.611 living spaces)
- Private room portfolio

.....
 We offer single apartments as well as bigger shared apartments in which the residents share the kitchen. We are also considerate of special requirements. Disabled students as well as single parents with a child can find suitable apartments in the dormitories.

FINANCIAL SUPPORT

- “BAföG”
- Counselling concerning loans and scholarships
- Social fund

.....
 Sometimes the financial possibilities of parents are not sufficient for financing the studies. We advise on the issues “private study financing” and “scholarships”.

COUNSELLING AND CARE

- Psychosocial counselling
- Legal advice
- Disabled and international students

Psychosocial counselling

We offer all students support and advice in case of personal or study-related problems. In the context of individual consultations and courses (in German and English) we provide students with competent advice and assistance in coping with personal or study-related challenges. Further information, our course program and online appointment reservation can be found on our website: studierendenwerk-ulm.de/psychosocial
