YOUR STUDENT SERVICE

Studying is a period of enormous exigencies. The Student Service Ulm facilitates the daily routine and supports the students so that they can entirely concentrate on their studies. 272 employees take care for about 28,000 students who study at 7 universities in South-East-Württemberg. Our staff is responsible for each service regarding food, habitation, money, counselling, childcare and other services.

The social infrastructure which is made available by the Student Service Ulm at the supervised universities is basically financed by fees which are paid to the Student Service Ulm solidarily by all students. These fees enables various social services and amounts to between 35 and 55 euros per term depending on the university. The Student Service Ulm - as a non-profit institution - is primarily not interested in making profit and can therefore offer its services to an ideal and fair price-performance ratio.

Food Due to our canteens and cafeterias we are able to offer a fast and inexpensive supply of food at each university. Even if our canteens and cafeterias are closed, a basic supply through our various vending machines is guaranteed.

Accommodation Up to 1,973 students can find a home in our apartment buildings. We offer single apartments as well as bigger apartment-sharing communities in which the occupants share the kitchen. We are also considerate of special requirements. Disabled students as well as single parents with a child find suitable apartments in the dormitories. As competent agents, we offer the service to look for apartments free of charge through a big portfolio of private rooms and we sensitise the general public regarding the issue housing market for students.

Financial support concerning the studies Sometimes the financial possibilities of parents aren't sufficient for financing the studies. The application of financial aid for students then frees from existential money troubles and the pressure of earning money. Moreover, we advise on the issues "private studies financing" and "scholarships".
